

October 6, 2024

Dear Members of the Edmonton Bridge Centre,

Welcome to October bridge.

October starts with an intermediate Team game on Monday aft Oct 7. It is a chance to learn or practice team play before the next sectional. Then on Friday aft Oct 11th we try a new Over/Under 300 Mixer game. Everyone playing in one matchpoint game. We hope that many partnerships will be a mix of experienced and less experienced players with 300 mps being about the split. Register if you want a partner. If you prefer to play with a regular partner, come and play as well in our Mixer Game.

ACBL Club Appreciation championships during the weeks of Oct 7-11 and Oct 21-25.

The Unit Sectional is Friday thru Sunday Oct 18 – 20 at EBC. Check out their schedule and flyer. ACBL Flyer link here:

A special Rookie/Master Duplicate game was held on Saturday Sept 28. 11 tables came out with great success and many new friends. We plan on having the next Paula Nowlan Rookie Master game on Saturday Nov 9th. It will have the regular 3 rookies at one table with one master. Sign up to be a part of this Unit event.

2025 Club memberships are now available for \$75 (includes GST). If you prefer e-transfer use club@edmontonbridge.ca (no password required). Lifetime memberships are also available for \$1000. Any added donation to support the club would be very much appreciated.

Another way to help the club is by joining the Board. If you have any interest, contact a Board member before the AGM in January.

Pauline's Café is open again, but she can only be here on Tuesdays and Fridays for the next while. We always look forward to her great soups, sandwiches, and desserts.

We want you to play as often as you can. If you need a partner, call or drop in. If you, or someone you know, find our membership or card fees are a financial hardship, talk to Matthew or any member of the Board in confidence, as we have a pool of donated funds to help break the cost.

Thank you, everyone, for your interest, participation and support.

Matthew Greenways
Manager
